## IV. Informal consultations

11. To facilitate the work of the UN-Habitat Assembly, arrangements will be made for informal consultations to be held between the regional groups on various matters, in particular the election of officers, on Sunday, 26 May 2019 provisionally from 11 a.m. The first issue of the Journal for the session will be published on Sunday, 26 May 2019, and will include information on the allocation of rooms and timings for those meetings. Attention is drawn to the document on geographical distribution of officers elected at previous Governing Council sessions attached as **Annex IV**.

12. In addition, it is expected that various partners and stakeholders, notably subnational governments, parliamentarians and non-governmental organizations, will convene their own informal consultations, events and activities prior to and during the session. Detailed information on these events will be communicated to all participants by the secretariat as soon as it is available.

## V. Composition of Government Delegations for Consideration

13. Member States are encouraged to participate fully in the five-day session. Given that the UN-Habitat Assembly is expected to continue with significant decisions on the governance of the UN-Habitat, it is anticipated that States will attach great significance to the need for high-level representation, including at the policymaking level, and for substantive representation at the session.

14. The Executive Director wishes to bring to the attention of Governments, resolution 16/12 of the Governing Council, in which Governments were invited to include in their delegations to future sessions of the Governing Council, in this case the UN-Habitat Assembly, representatives of subnational governments and relevant civil society actors, in particular from the private sector, non-governmental organizations and

research organizations in the fields of adequate shelter for all and sustainable human settlements development. In that regard, the Executive Director also wishes to highlight the importance given to the decisions of the second United Nations Conference on Human Settlements (Habitat II), held in Istanbul from 3 to 14 June 1996, and to the decision of the third United Nations Conference on Housing and Sustainable Urban Development (Habitat III) held in Quito, Ecuador from 17-20 October 2016 with regard to the roles of subnational governments and members of civil society.

15. It should be noted that, pursuant to the request by the General Assembly of the United Nations in its resolution 56/206, the rules of procedure of the Governing Council was amended to provide for the effective participation of subnational governments and other Habitat Agenda partners in its deliberations. These provisions are contained in rules 64 to 67 of the current rules of procedure of the Governing Council.

16. The Executive Director would also like to emphasize that both UN-Habitat and Member States would benefit greatly if States were to include in their delegations their Permanent Representatives to UN-Habitat or representatives of other focal points in Nairobi with whom UN-Habitat is continuously engaged. The Executive Director would therefore be grateful if States would provide information on the composition of their delegations as soon as possible, preferably by 15 April 2019. In accordance with rule 16 of the current rules of procedure of the Governing Council, the credentials of representatives should be submitted to the Executive Director no later than by end of the first meeting of the session which is 27 May 2019.

## **VI. Proposed organizational arrangements for first session of the UN-Habitat Assembly**

17. The Executive Director proposes for consideration by the Member States, for the efficient conduct of work during the UN-Habitat Assembly, the proposed organizational arrangements and timetable set out herein as **Annex V**. This proposal has been prepared in line with General Assembly resolution 73/239 which states that preparations for the first session of the UN-Habitat Assembly should build upon the preparations already carried out for the twenty-seventh session of the Governing Council. The preparations for the Governing Council have been guided by, among others, the recommendations of resolution 20/21, on the organization and themes for future sessions of the Governing Council, by which it called upon the Committee of Permanent Representatives, acting as the intersessional subsidiary body of the Governing Council, to recommend to the Council further proposals for improving the structure and organization of the twenty-first and future sessions of the Governing Council. At its twenty-third meeting on 7 December 2006, the Committee of Permanent Representatives approved a set of such proposals for the twenty-first session and all future sessions which is reflected in the present Notification, in particular, with regard to the high-level segment, the dialogue and the theme. The UN-Habitat Assembly may wish to consider its own organizational arrangements at the appropriate time

### **Bureau**

18. It is anticipated that in line with rule 17 of the current rules of procedure of the Governing Council, the Bureau should comprise of the President, Vice-Presidents and the Rapporteur of the UN-Habitat Assembly, elected with due regard to the principle of equitable geographical distribution by rotation among the regional groups of States. As indicated earlier, **Annex IV** of this document shows the geographical distribution of the Bureau members at previous Governing Council sessions. The UN-Habitat Assembly may wish to consider the size of the incoming Bureau in light of the universal and therefore expanded nature of the UN-Habitat Assembly

19. As provided for in rule 18 of the rules of procedure of the Governing Council, one Vice-President should be designated to chair the sessional Committee of the Whole (COW) referred to in paragraph 33 below. The remaining Vice-Presidents would assist the President directly in his or her duties at the Plenary meetings and in the chairing of the ad-hoc Drafting Committee referred to in paragraph 34 below.

### **Plenary**

20. Following previous practice of the Governing Council, it is recommended that work in the Plenary meetings should be divided into two segments as follows: **a.** a high-level segment with interventions which would be held on the first and second days and **b.** a dialogue of Governments with subnational governments and other Habitat Agenda partners. It should be noted that part of the morning meeting on the first day will be devoted to organizational matters, including elections.

### **High-level segment**

21. It is suggested that the high-level segment focus its discussions on the theme for the session, along with aspects related to Provisional Agenda Item 9, Activities of the United Nations Human Settlements Programme, including coordination matters and, Item 13 of the Provisional Agenda on the Strategic Plan for the Period 2020-2025 pursuant to the findings and recommendations of the open-ended Working Group which was endorsed by the United Nations General Assembly resolution 73/239. It is expected that in accordance with the findings and recommendations of the open-ended Working Group, the Work Programme of the United Nations Human Settlements Programme and Budget of the United Nations Habitat and Human Settlements Foundation for the biennium 2020 should be referred to the Executive Board when it is established.

22. To accommodate the many delegations expected to attend the UN-Habitat Assembly sessions, it is recommended that, during the high-level segment, each delegation be allowed a maximum of five minutes of speaking time, and that this limit be strictly adhered to.

23. In establishing the list of speakers for the high-level segment, precedence will be given to Heads of State and Government, Ministers and Deputy Ministers. They will be followed by other heads of government delegation, then by a limited number of representatives of subnational governments, other Habitat Agenda partners and other stakeholders, in accordance with rules 64 and 65 of the current rules of procedure of the Governing Council.

### **Dialogue with local authorities and other partners**

24. It should be recalled that in paragraph 2 of its resolution 16/12, the Governing Council decided to provide, at future sessions, opportunities for partners to engage in a dialogue among themselves and with Governments. Such dialogues may, as appropriate, serve as an input to the deliberations of the up-coming session of the UN-Habitat Assembly.

25. In line with the relevant paragraphs of resolution 20/21 of the Governing Council, the Executive Director of UN-Habitat, in consultation with the Committee of Permanent Representatives, the theme of the UN-Habitat Assembly has already been chosen as indicated in paragraph 9 above and will form the basis of the dialogue.

26. With a view to increasing the participation in and contribution of subnational governments and other partners to the work of the UN-Habitat Assembly, and towards the attainment of common goals to achieve the implementation of the New Urban Agenda, the Agenda 2030 and Sustainable Development Goals, arrangements have been made for the dialogue with subnational governments and other partners to be held during the Plenary meeting on the third day as indicated in the proposed organization of work and timetable for the first session of the UN-Habitat Assembly attached as **Annex V**.

27. To that end, subnational governments and other partners are encouraged to submit in advance, a written summary of their presentation to the secretariat for distribution to all participants ahead of the dialogue session.

28. It should be further recalled that by its resolution 20/21 of the Governing Council, the theme of the dialogue should establish a link between the high-level segment and the dialogue of Governments with subnational governments and other Habitat Agenda partners and provide for cohesion in the policy discussions in Plenary meetings.

29. It is expected that the presentations to be made by representatives of subnational governments and other partners will be the outcome of consultations by those groups, with non-governmental organizations, parliamentarians, the private sector, professionals, researchers and labour unions. Arrangements will be made for subnational governments and other partners, should they so wish, to hold consultations in Nairobi immediately prior to the session.

30. Detailed information on the organization of the dialogue will be forthcoming.

### **Summary by the President**

31. At the end of the high-level segment and the dialogue, the President of the UN-Habitat Assembly, drawing on the deliberations of the two Plenary meetings, will prepare a summary of the main issues raised

in the high-level segment and the conclusions or recommendations made during the dialogue. That summary will reflect the main thrust of the discussions and key positions set out during the two segments and will be submitted for endorsement at the Plenary meeting. Any draft resolution that may emerge out of the discussions at those Plenary meetings will be referred to the Drafting Committee for action.

32. Once endorsed by the UN-Habitat Assembly as an accurate reflection of discussions during the high-level segment and the dialogue, and subsequent to the required legislative process, the conclusions and recommendations of the President of the UN-Habitat Assembly will serve as guidelines for follow-up action by Governments, subnational governments and other partners and the secretariat, specifically in support of the current focus areas of the UN-Habitat Work Programme, Strategic Plan and the Work Programme and Budget.

#### **Sessional Committee of the Whole.**

33. Bearing in mind the organization of work from previous sessions of the Governing Council and the above recommendations on the work at the Plenary meetings, the UN-Habitat Assembly may wish to establish a sessional Committee of the Whole that would be accorded responsibility for the detailed consideration of Agenda Items 9, 10, 11, and 13.

#### **Drafting Committee**

34. At its nineteenth session, on an informal basis, the Governing Council established an ad-hoc open-ended Drafting Committee, chaired by one of the Vice-Presidents, to pre-screen draft resolutions submitted by delegations with a view to merging, reconciling or clarifying them, as necessary, prior to their consideration by the Governing Council at the Plenary meeting. The UN-Habitat Assembly may wish to continue this practice, which was widely considered to have enhanced the efficiency of its work, with the report of the Drafting Committee first passing through the Committee of the Whole for endorsement prior to final adoption by the UN-Habitat Assembly.

#### **Overview of main activities at the Assembly**

35. As earlier indicated the proposed organisational arrangements and timetable for the session is provided in **Annex V**.
